

# Maternal Health Task Force: Understanding past and future tasks

**May 9, 2025**

**Gina Barber, MPA**  
**Jenn Reid, Ph.D.**  
**Sofia Tortolero, MPA**

# The Center for Public Policy Team

Gina Barber, MPA

Jenn Reid, Ph.D.

Brittany Keegan, Ph.D.

Sofia Tortolero, MPA

# Objectives and Deliverables

## Executive Order 32 - Objectives for the Task Force

- Evaluate data to understand quality of maternal health care with regard to race, ethnicity, and other demographic and clinical outcomes,
- Examine barriers to data collection,
- Determine the need for additional maternal mental health benefits,
- Evaluate the impact of Social Determinants of Health screenings, and
- Analyze data one year post-delivery to better understand the issue.

## Executive Order 32 – Deliverables for the Task Force

- Recommendations for standard quality metrics on maternal health care
- Maternal health website and dashboard

# Objectives and Deliverables

## Tasks for the CPP Team

- Facilitate discussion at Task Force meetings
- Review maternal health resource hubs in other states
- Identify the Virginia regions with the highest maternal health service and resource needs
- Support the Task Force in developing conclusions and recommendations
- Develop a report of the Task Force work and recommendations by December

# What We've Covered So Far...Data Sources

- Dept of Health (VDH)

# Think, Pair, Share – Looking Ahead

What additional information needs to be shared with the Task Force to move forward and meet our objectives?

What perspectives have not been shared yet?

What do you recommend this Task Force does next?

Thank you!

Any Final Thoughts  
or Questions?
